A rare opportunity to acquire two lock up garages side by side within a block of 12 in Butts Park. The garages are pre-fabricated of sectional concrete construction under corrugated asbestos roofs, each with an up and over door. The garages are approached off a concrete apron with right of way to a parking area beyond. The garages are clearly suitable for storage and boat/ vehicle parking and given the two are side by side can be widened to form a double garage. No services are connected. Sitting just outside of Newton Ferrers we anticipate strong demand and do call the agents for viewings.
