MORE INFORMATION

One of the first-floor bedrooms would equally make an excellent family room or formal dining room and includes a feature fireplace, while the principal bedroom benefits from an en suite bathroom. A contemporary shower room, complete with walk-in shower and heated towel rail, also serves this level.

The second floor offers three further spacious double bedrooms and a family bathroom with both bath and a separate shower cubical. A box room with window provides excellent flexibility-ideal as a home office, dressing or storage room.

The property is fitted with gas central heating and double glazing.

To the front of the property, a gated driveway provides secure off-street parking, and there is scope to landscape or tailor the outdoor space to suit a buyer's needs. Computer-generated images are shown within the listing to show the fantastic potential for the space. Further details on costs are available upon request.
