We have two fully occupied properties earning instant rent so if you're looking for a smart investment opportunity, a HMO (House in Multiple Occupation) can be a great choice. HMOs are properties that are rented out to multiple tenants who share communal areas such as kitchens and bathrooms. Here are some reasons why investing in a HMO can be a wise decision:

High Rental Yields: One of the main advantages of investing in a HMO is the potential for high rental yields. With multiple tenants occupying the same property, the total rent can be significantly higher than a single-let property. This means that you can potentially earn more income from your investment.

Investment opportunity

- On average income of £2600 pcm each

- Two terrace town houses
