Property

Brantons Independent Estate Agents proudly present to the market an exciting opportunity to purchase this unique ground floor apartment within a historical Grade II listed property. This magnificent Georgian residence was constructed circa 1795 and offers an abundance of charm and character; as well as a real sense of elegance and grandeur. This property is one of two with its own private entrance as well as the grand master entrance. The accommodation is flooded with natural light and consists of a spacious lounge-diner with impressive 12ft high ceiling, feature fireplace, and bay window. There is a contemporary kitchen-breakfast room with integrated appliances. From the hall there are three double bedrooms with the master being a particularly impressive size and benefits from a large walk in wardrobe. Bedroom two has access to a large loft space with plenty of storage. Furthermore, there is a spacious family bathroom, and a separate wet room. The garden approaches an acre and is well maintained with beautiful lawns, and an array of established plants, shrubs and trees. The garden also has private access on to Goatee beach. There is an ample amount of off road parking available, and the private use of a larger than average garage. This property provides a way of living that is secluded and peaceful, yet retains easy access to local amenities including shops, and transport links. We believe the property could appeal to those looking for a second residence or holiday home. Particular points worth considering, aside from the location itself, are its close proximity to a local yacht club, walking distance of a mainline train station the serving London within 90 minutes and both Southampton cruise terminal and Airports being within a 20 minute drive. The New Forest National Park that boasts 140,000 acres of woodlands, open heathlands and free roaming pony's can be accessed within a 10 minute drive from the property. This special opportunity seldom comes around and as result, we urge anyone interested to contact Brantons at the earliest moment to organise a viewing. The property benefits from the remainder of a 999 year lease which also includes a quarter share of the entire freehold. There is a service charge which is 250 pounds per calendar month. The service charge includes garden maintenance, window cleaning, communal area repairs and cleaning. It also includes electricity to the communal areas and buildings insurance payments.

Owners Comments' "We have loved living here for nearly 8 years and have many wonderful memories to treasure including our daughter's wedding in the garden, family Christmas gatherings, summer barbecues, waterside walks and enjoying the surrounding nature." "The light and spacious rooms have always made us feel peaceful and visitors enjoy the history and setting of this beautiful building. Being in a small community of apartments means that there is the option to meet socially and help each other out when needed- it's the mix of privacy and community which makes this such a delightful place to live."

Area

The picturesque village of Eling boasts a vast array of historic appeal including Eling Tide Mill. This is open to the public and has been grinding wheat grain into flour since the 11th Century; and is still milling to this day. On Eling Hill you will find St Mary's church which dates back to the Norman times boasting Saxon foundations. Many parts of the Norman church are still visible but restoration work carried out between 1863 and 1865 now covers much of the older building. Locals and dog walkers alike enjoy several scenic walks around Eling Creek and Goatee beach. The latter is a popular recreation and picnic spot in the summer. Eling Creek features lovely views of sailing vessels as it is home to the local Yacht Club. There are two pubs in the area to choose from as well as a traditional English Tea Room which shares the same building as the Totton & Eling Heritage Centre. Eling offers excellent transport links with easy access to Totton train station (including mainline services to London Waterloo), motorways, Southampton City centre and the New Forest National Park. The area also falls also within the highly regarded Foxhills and Hounsdown catchments.
