## Bishops Waltham, Southampton

Dating back to 1901 this deceptively spacious, yet beautifully presented family home has a wonderful feel throughout. On the ground floor the house has a well proportioned sitting room complete with woodburning stove and oak flooring that continues through to the dining area. A set of double doors then lead through to a modern kitchen from which double doors then lead out to a private patio area and the good size garden. On the first floor there are then 3 bedrooms, the master of which is ensuite and family bathroom. To the front of the house there is parking available with the general rule being that residents all park directly outside their own properties. For everything that this truly lovely family home has to offer in addition to its great location and proximity to the village, an early viewing is certainly a must.
