This fabulous Equestrian opportunity lies to the South of Barlow which is situated about 2 miles from Selby Town Centre, currently one open space; this opportunity would make ideal separate paddocks / grazing space for horses and ponies.

The field is pretty level with excellent drainage and a dyke running through the middle, along with an excellent and well constructed access road offering parking and turning for a horse box or similar, the little bridge over is weight bearing as appropriate.

Viewings: All enquires direct to Maryanne Smith here in the Selby office. All viewings must be accompanied.

A Planning Consent under 2021/0071/FUL provides for the change of use for equestrian purposes and new access.
