Following an application received by Cornwall Council on 29th September 2022, Planning Permission, with conditions, was granted on 6th December 2022 for up to two dwellings to be built within the rear gardens of Chapel Cottage.

Plot 2 measures 780 square metres and comprises the western part of the garden as highlighted within the marketing site plan drawings. This rare opportunity has its own access off the brick paved road located off Cullen View. An added benefit is the ability for the new owners, with the professional guidance of an architect to submit detailed drawings of their own wishes in the design, layout and specifications for the new build home.

In summary, the building plot is suited for the family looking to build their individual dream 4/5 bedroom detached house or the buyer yearning to build a unique eco-friendly detached bungalow with low running costs which is situated within a relatively level walk of a good range of local amenities and regular bus service. Plot 1 is also available by separate negotiation perhaps suiting the multi generation family or builder / developer.
