## EVANS & COMPANY MORTGAGE SERVICES

Having recently registered with our sales office for properties did you know we also offer a fully independent mortgage service?

We aim to ensure we are providing the most competitive mortgage packages available at all times and as such will continue to look for new options for you to consider. The market is constantly changing with new schemes appearing all the time making it ever more important to ensure you are benefiting from independent advice.

Whilst you have not yet found a property to buy it would clearly be beneficial to have your arrangements in place for when a suitable property is found. In our experience too many people leave themselves the problem of sorting out their financial arrangements to the last minute and consequently do not have the time to consider all the options available.

Please contact our Mortgage Consultant Colin Livingstone at your earliest convenience to find out about the many competitive schemes we have available.

We may charge a fee for arranging your mortgage - a typical fee is £250.00

Your home may be repossessed if you do not keep up repayments on your mortgage.

## Double glazed Front Door to
