Available to rent is this modern, three bedroom end of terrace house which was built in 2017. The property has been designed to maximise the space and offers a great sized family home. One of the most notable features of the property is the superbly appointed kitchen/dining room which measures in excess of 18ft x 10ft and has a full range of appliances to include an electric hob, oven, microwave, washing machine and dishwasher. The ground floor accommodation also consists of a large entrance hallway, ground floor cloakroom and then a lounge across the rear of the property. To the first floor are the three bedrooms; with the master bedroom benefiting from a built in wardrobe and a well appointed en-suite with double shower cubicle. The separate family bathroom also benefits from a shower over the bath. The property has been built to the highest specifications and this includes a super efficient Daikin air sourced heat pump which provides heating and hot water. Externally, the property has a fully enclosed rear garden and this leads out to the parking area which provides two allocated parking spaces.
