SITUATION

Stokeinteignhead is an attractive village in the rolling Devon landscape with a strong village community that includes a sought after primary school, country inn, village hall, shop and historic church. Located in an area of great landscape value and conservation area, a network of bridleways and tracks makes this a popular area for horse riding while the sandy beaches and boating facilities of Shaldon, Teignmouth and Torbay, are within a few miles.

The A380 is within easy reach providing good access to the A38 and M5. Mainline railway links to London Paddington are located in the nearby market town of Newton Abbot, with its full range of comprehensive shopping facilities, and the cities of Exeter and Plymouth are also within easy reach for work, shopping or leisure.

DESCRIPTION

Developed as a traditional Class Q barn conversion in 2015, this eye-catching property extends to approximately 1,500 sq ft and is perched on the hills adjoining the Teign Estuary, enjoying superb views across the water towards the village of Bishopsteignton and the town of Teignmouth. This energy efficient dwelling, EPC rated C, provides space for three bedrooms, an impressive reception room, and a family kitchen, while the 24.36 acres is available as a whole or in lots.

LOT 1 - HOUSE & 4.81 ACRES

The accommodation within the dwelling is arranged across the ground floor. A triple-aspect sitting room enjoys a delightful outlook towards the estuary as well as the property's outbuildings, currently used as part of the farming enterprises but could be convenient for equine usage. At the other end of the ground floor lies the kitchen/dining room, fitted with a range of light blue Shaker-style wall and base units combined with wooden worktops. There is space for a Rangemaster-style cooker, while the centre of the room accommodates a dining table. A door leads through to the utility room, which offers further fitted units, a rear access door, and access to a separate WC.

The three double bedrooms are located at the heart of the accommodation, each featuring fitted wardrobes providing plentiful storage space. The master bedroom includes an en suite shower room comprising a shower, wash hand basin, and WC. Serving the other bedrooms is a family bathroom with a separate shower, bath, wash hand basin, and WC. The property also benefits from a useful attic space, accessed from the sitting room, which provides generous storage.

Externally, adjacent to the kitchen/dining room is a patio area suitable for outdoor seating and dining, enjoying a wonderful outlook over the surrounding countryside. The grounds extend down towards the outbuildings, where there are four loose boxes set between two timber buildings, as well as a separate timber hay barn with a partly open frontage allowing for vehicular storage.

The property is accompanied by a 3.3 acre paddock, situated opposite the dwelling. Bordered by hedging with a small area featuring vegetable beds and a fruit cage.

LOT 2 - 4.36 ACRES

Situated to the south east of the dwelling, this lot comprises a fairly level pasture paddock with existing hedge boundaries on the east and south borders. If sold separately, the purchaser will be responsible for erecting stock fenced boundaries on the north and west borders that adjoin the driveway. The lot will have a right of access over the entrance gate and part of the driveway to access the paddock. Currently, this paddock does not have access to water, but if sold separately, a connection via the house's supply will be implemented with a sub-meter installed.

LOT 3 - 5.83 ACRES

Situated to the south west of the dwelling, this area of pasture is split into two separate paddocks with stock fencing separating the two paddocks that are divided to 2.67 and 3.15 acres. There is existing hedging on the north, south and west boundaries of the paddock. If sold separately, the purchaser will be responsible for erecting stock fenced boundaries on the east border that adjoins the driveway. The lot will have a right of access over the entrance gate and part of the driveway to access the paddock. The paddock benefits from an existing water connection fed from the house's supply. If sold separately, a sub-meter will be installed prior to completion.

LOT 4 - 9.36 ACRES

Situated to the west of the dwelling, this lot comprises a substantial area of pasture to the west and northern sides of the property. There is existing hedging on each of the paddocks boundaries with a gated access from the driveway. If the lot is sold separately, right of access across the driveway will be given to access the field. The paddock benefits from an existing water connection fed from the house's supply. If sold separately, a sub-meter will be installed prior to completion.

SERVICES

Mains water and electricity. Solar water heating and an air source heat pump provides hot water. Private drainage. Photovoltaic panels provide the house with an additional and renewable source of energy.

SPORTING & MINERAL RIGHTS

The sporting and mineral rights, insofar as they are owned, are included with the freehold.
