

64a Frome Road Southwick Trowbridge BA14 9QQ

Nestled in an enviable private setting surrounded by open countryside in the charming village of Southwick, these exquisite stone built detached houses form an exclusive development of just two bespoke executive homes due for completion in January 2026. Each spanning an impressive 2,283 square feet, these new homes offer a perfect blend of traditional craftsmanship and modern living. The properties boast four generously sized bedrooms and three luxury bathrooms, making it ideal for families or those who enjoy hosting guests. The three spacious reception rooms provide ample space for relaxation and entertainment, together with fully fitted kitchens, complete with elegant quartz worktops. Just one of the many standout features of these homes is the underfloor heating on the ground floor and to all bathrooms, ensuring the utmost comfort throughout the colder months.

The extensive parking facilities accommodate several vehicles, complemented by large double garages, making it convenient for families with multiple cars. The properties are surrounded by generous gardens, offering a tranquil outdoor space to unwind and enjoy the peaceful surroundings. Additionally, there is potential to expand the overall living space to approximately 2,700 square feet by converting above the garages and providing a 5th bedroom or flexible room. The structural work required for this has already been carried out by the developer. Southwick itself benefits from a host of amenities including a shop, pub, church and thriving country park, alongside a range of businesses. With direct access to the A361, getting to the nearby County Town of Trowbridge, or Bradford on Avon, Frome or Bath slightly beyond couldn't be easier.

For those seeking even more space, an additional circa 1.3 acres of land is available through separate negotiation.

Guide Price £800,000

AGENTS NOTE:

Photographs are from a previous development and are for representation only.
