Garlands Road, Redhill

£1,575 Per Month

“

A strong all-rounder with a finish that stands out from the usual, making it perfectly suited to professionals wanting something ready to go. With Redhill station close by, it's as practical as it is well presented.

”

Ralph James presents a smartly reimagined two-bedroom apartment where clean design meets practical living. The layout has been carefully balanced, creating a natural flow from room to room while maximising usable space throughout.

The living room is notably well-proportioned, offering flexibility for both lounging and dining without compromise. Subtle detailing and the herringbone-style flooring elevate the space, giving it a more tailored, contemporary feel than your typical apartment.

Positioned just off the main living space, the kitchen has been finished with a sharp, modern look, dark cabinetry paired with clean work surfaces and integrated appliances. It's compact yet efficient, designed to work without feeling cramped.

The bedroom is a genuine double, with a slightly offset shape that adds character while still allowing for practical furniture placement. It's a comfortable, yet set away from the main living areas. An additional room can be utilised as an office or a small single room.

The bathroom has been finished to a high standard, featuring full tiling, a bath with a shower over, and illuminated mirror storage, bringing a more premium feel to everyday routines.

Overall, this is a property that feels considered rather than standard, ideal for someone looking for a move-in ready home with a bit more edge than the norm.
