The front garden has a gravel path between the hedge and flower bed. Five steps up to the front door have a wall-mounted letterbox and light on the left. Enter the home through a part-glazed composite front door, with chrome handle and letterbox.

## Entrance Hallway

The impressive hallway has original encaustic floor tiles and a high ceiling with coving, arch and light fitting. This impressive room has fitted solid pine cabinets, a large angled roof window and modern Rangemaster stove set within the original fireplace. There is space for a 4-seater dining table, fridge-freezer and dresser. With a quarry tiled floor, the room also has a ceiling rose with chandelier fitting plus additional ceiling light fitting, full-height original pantry cupboard with pine doors, under-stairs cupboard and doors to the utility room and courtyard garden.

On the left, the long L-shaped worktop has cabinets and drawers above and below, with tiled splashbacks. The Rangemaster has a five-ring gas hob and ovens and, beyond, is another L-shaped solid pine worktop with inset ceramic Belfast sink with chrome mixer tap. Above the sink is a wall-mounted pine crockery dresser.

## Utility-WC

8'2" x 6'10" (2.5 x 2.1)

Originally the kitchen for the home, this room has a tiled floor, radiator, ceiling light fitting and a window to the courtyard garden. The L-shaped worktop has space and plumbing below for a washing machine and refrigerator, with cabinets high and low. The room also has a ceramic WC and sink with chrome mixer tap.

## Courtyard Garden

Accessed from the kitchen-diner and via the side gate, this well-utilised space has room for outdoor dining. It is a great suntrap in the morning and cool sheltered dining area in the evening. Wooden steps lead up to a platform with shed and a dry storage area beneath.

Carpeted stairs with a handrail on the right lead up to the galleried landing. There are two ceiling light fittings, a radiator and tall cupboard with modern Ideal boiler (serving the bottom two floors). ### Bedroom Four

16'4" x 13'3" (5 x 4.05)

The largest bedroom is currently a games room and has the best views in the house. The views are incredible - at this height you're close to the cable cars above and you have a great view of the river, where ducks and canoes were skimming along on the water as we listed this home. A train track punctuates the lush green tree-filled hillside opposite. The room has exposed pine floorboards, a radiator, ceiling light fitting and original iron fireplace with tiled hearth. There is lots of space for a bed and furniture. An open arch entrance leads into the en-suite shower room.

The rock face in front was bursting with chirruping birds nesting and decorated with yellow flowering laburnum cascading down, with a range of trees and bushes above. It's a splendid outdoor space to chill out in with friends and family.
