ROGER HEMMING'S VIEW...

Step inside this one and the layout immediately feels a little different — in a good way. On the ground floor, two comfortable double bedrooms offer flexibility, whether that's space for guests, working from home or simply having room to breathe. The main bedroom includes fitted wardrobes, while the second opens straight out to the courtyard garden, perfect for a morning coffee or a bit of fresh air to start the day. A clean, modern bathroom sits alongside.

Upstairs is where the house really opens up. The living space is bright, white and wonderfully airy, with an easy flow between sitting, dining and cooking. The kitchen is sleek and sociable, with a breakfast bar that naturally becomes the place people gather. Open the French doors, let the light pour in, and suddenly the whole space feels even bigger, ideal for relaxed evenings, quiet mornings or having friends over without it ever feeling crowded..

"Built by Westwards of Newton Abbot, this home's been thoughtfully put together with efficiency in mind. Air source heat pump underfloor heating, solar panels, solar water heating, high levels of insulation and quality double glazing all work quietly in the background to keep running costs sensible, something that makes a real difference day to day. The 81/B EPC rating speaks for itself."
