The property is accessed directly from the pavement via a woodgrain-effect PVC entrance door, opening into a welcoming lounge.

Lounge

This reception room features a gas fire with a traditional wooden surround and tiled hearth, perfect for creating a warm focal point. Wood-effect laminate flooring flows throughout, complemented by a double-glazed aluminium window to the front elevation, a double panel radiator, and a cupboard housing the electric fuse box.

Dining Room

From the lounge, an internal doorway leads into a bright and open dining room. Here, the continuation of wood-effect laminate flooring creates a seamless flow. A UPVC double-glazed window to the rear elevation allows for natural light, and a single panel radiator provides warmth. Stairs rise from this space to the first floor accommodation, and an open archway leads into the kitchen.

Kitchen

The kitchen is fitted with a range of wall and base units, offering ample storage and preparation space. There is a built-in electric hob with an electric oven and grill below, a stainless steel sink with matching drainer and mixer tap, and space and plumbing for a washing machine. A wall-mounted 'Ideal' combination boiler is conveniently housed here. Further features include splashback tiling, wood-effect laminate flooring, and a UPVC double-glazed window to the side elevation.

Rear Hallway

An outer hallway leads from the kitchen to the rear garden via a frosted UPVC door and includes additional flooring in matching wood-effect laminate.

Bathroom

The ground floor bathroom is well-appointed with a corner-panelled bath and a wall-mounted electric shower within a fully tiled enclosure. A modern wash hand basin is set within a vanity unit, and there is a low flush WC. The space is completed with wood-effect laminate flooring, a frosted UPVC double-glazed window to the side elevation, and a double panel radiator.
