Internal

The accommodation is arranged around a central hallway providing access to all principal rooms. The living room is a generous space with ample room for both lounge and dining furniture, featuring large windows that allow plenty of natural light and ventilation to flood the room. This room could be changed back to incorporate a smaller lounge and then provide a second bedroom, which was the original layout. The kitchen is fitted with a range of wall and base units, work surfaces and space for freestanding appliances, with a door leading through to the sunroom. The bathroom comprises a white suite including shower enclosure, wash hand basin and WC, with a window providing natural ventilation. To the rear, the sunroom offers a versatile additional space ideal as a dining area, seating area or hobby room, with views and access to the rear garden.

External

To the front, the property is set back from the road with a garden area providing an attractive approach. The rear garden is of a good size and offers excellent potential for landscaping, with patio areas, established planting and space for outdoor seating. The garden provides a pleasant outdoor retreat with scope for improvement. The front garden could be converted to off road parking (subject to usual consents).
