Description

The Hay Barn boasts beautiful part natural stone elevations with Therma wood panelling, black metal beams and expansive bronze-tinted aluminium windows to create an aesthetic that melds with the local landscape. This magnificent, detached Class Q barn conversion has been recently completed and benefits from a 10-year building warranty. It offers an abundance of light-filled, flexible accommodation arranged over two floors and designed to maximise the picturesque rural views.

The property is accessed via a dramatic oversized timber pivot door, with a statement bronze bar handle that opens into a grand entrance hall with galleried landing, setting the tone for the rest of the property. A sophisticated palette of Farrow & Ball 'Skimming Stone' paint brings forth a timeless backdrop throughout the home. You can expect elegant bronze ironmongery and premium Lapidata tiles gracing the hallway, kitchen, utility, and bathrooms. There is plush carpeting to the remaining areas and wooden panelling and cabinetry throughout adding a touch of warmth and comfort. The high specifications continue with underfloor heating that extends across both the ground and first floors for consistent and efficient comfort. Lastly a whole-home Lutron lighting system that allows you to create and control custom lighting 'scenes' for any occasion.

The ground floor accommodation comprises a practical

home study, a useful cloakroom and a comfortable cinema room/home gym. There are three double bedrooms, all of which are serviced with opulent shower rooms fitted with Lusso Stone and tiled-in trays for a seamless and luxurious feel. There are two further sizable double bedrooms to include an L-shaped bedroom with an oversized door to the garden and 20ft bedroom both of which lend themselves for a multitude of uses such as a family room and additional living space.

From the entrance hall a discreet Stiltz domestic lift provides easy access between floors, alternately a timber staircase rises to the first floor and to the extensive open plan kitchen, sitting and dining area all surrounded with large, south facing picture windows, each illuminating the interior with natural light, whilst framing the outstanding views.

The heart of the home is the fabulous bespoke kitchen, designed by RoomRoom. It features a range of wall and base units, a large central island with wine bottle storage, beautiful complementary 80mm quartzite worktops and splashback, and a full suite of top-tier integrated appliances. A little 'hidden gem' of the kitchen is a cleverly concealed utility room, accessible via a secret door in which it maintains the clean interior design. A set of sliding doors open to the superb, south facing decked roof terrace and seamlessly blends the interior to the glorious exterior

landscape which adds another level of depth to this generous open space. Extending to just under 28ft, the sitting/dining area is configurable to the purchaser's own requirements and provides ample space for a good-sized dining table, perfect for hosting dinner parties or for family meals. Lastly double doors from the kitchen open to the palatial principal bedroom suite that spans the entirety of the property. To one end a fully fitted dressing room with wardrobes, dressing table and a centre island. The luxurious bathroom is also fitted with Lusso Stone and include twin sinks, a freestanding bath and separate walk-in shower with the bedroom area having a triple aspect in which to wake up and enjoy the long-reaching, stunning southerly views.
