## Our Vendor Loves...

The Warehouse Apartment was a unique find in South East London. I'd looked at other flats, but this really stood out to me, with its exposed brickwork and steel loft beams through the lounge and bedroom. A very different, funky and cool look and something visiting friends would always remark on. The block is managed under a RTM and our management company has the best customer service I've experienced in 23 years of ownership. Having Sydenham Train Station less than a minutes walk, is so convenient, being just at the very rear of the warehouse block itself. Safety was a big thing for me, so a quick hop and a skip home, after a late evening in town and no long walks after disembarking the train, was absolutely essential.
