14 THE FIRS WINCHESTER, SO22 6BD

The Firs is an exclusive and prestigious development, built around 2004, featuring a collection of classically inspired homes designed with comfort, elegance, and effortless modern living in mind - and this particular property embodies those qualities beautifully.

Nestled just off Stockbridge Road, the approach is marked by an attractive low brick wall with white-rendered pillars, creating a refined first impression. Beyond them, a neatly laid block-paved driveway winds into the development, offering a sense of privacy and understated sophistication as you arrive.

As you approach the property, the traditional architectural styling and elegant window designs immediately catch the eye. The standout feature is the first-floor window of the principal bedroom, which wraps around three sides of the wall, creating a striking, almost turret-like effect reminiscent of a lookout tower.

The front door opens into a predominantly glazed inner vestibule, ideal for coats and shoes, from where glazed double doors open into a gracious hallway. From here stairs rise to the first floor and the spacious hallway has a useful cloakroom and also leads to each of the downstairs rooms.

The sitting room is another generously proportioned space, measuring approximately 17' x 12'. It features an attractive fireplace with an electric flame-effect fire that creates a warm focal point, and double doors open directly onto the garden, allowing plenty of natural light to fill the room.

The kitchen/dining room has an attractive chequer-board style black and white tiled floor, and overlooks the front of the of the property. It has been beautifully fitted with a wealth of cabinetry which includes ample drawers and cupboards, two raised built in Bosch ovens, and a fitted microwave. There is a built-in washing machine, and a large American-style fridge-freezer.

The **Principal Bedroom** is wonderfully bright, with windows wrapping around the front of the room and filling the space with natural light. It is fitted with two sets of double wardrobes, providing an excellent range of both hanging space and shelving.

Leading off the bedroom is an **en-suite shower room**, featuring a large walk-in shower cubicle, a WC, and a basin set into practical vanity storage beneath a wide illuminated mirror.

AND SO, TO BED: Upstairs, the landing leads to each of the bedrooms, family bathroom, and has a large airing cupboard, which is fitted with shelving and houses the Mega-Flow hot water tank. The family bathroom is elegantly fitted and comprises a bath, a separate shower cubicle, a WC, and a basin set into practical vanity storage. Above the basin, a large mirror is complemented by a striking light feature, discreetly set behind a pelmet that runs the length of the recessed shelving, adding both style and functionality.

Bedroom Two is another generous double room, enjoying a pleasant outlook over the garden. It features an entire wall of fitted wardrobes and cupboards, providing ample storage with a combination of hanging space and shelving. The room also benefits from access to additional loft storage.
