Mikaela says:

“The first thing that stood out for me with this home is it’s well thought-out layout. The kitchen sits at the front of the property and offers an excellent amount of cupboard and countertop space, along with plenty of room for appliances. It then opens seamlessly into the living area, which spans the full width of the rear, creating a fantastic space for everyday living and entertaining. From here, doors lead out to the garden, and the neutral décor throughout keeps the space feeling bright and inviting. There’s also a convenient downstairs WC downstairs too.

Upstairs, both bedrooms are impressively sized. Even with furniture in place, there’s still plenty of usable floor space. The second bedroom benefits from fitted cupboard storage, adding extra practicality. The family bathroom is another great feature, finished with neutral décor and complete with a shower over the bath.

The garden is larger than you might expect for a home of this size. There’s plenty room for a garden shed, a generous lawn area, and the added bonus of side access. Overall, this home really impresses—the layout, position, and surrounding area all come together to create a fantastic place to live”.
