Littlestone is a quiet coastal settlement in Kent, located on the edge of the Romney Marsh and adjoining the town of New Romney. It is best known for its long, flat sandy beach, which stretches for miles along the English Channel and offers wide open views of the sea and sky. The area has a calm, understated atmosphere, making it popular with walkers, retirees, and visitors looking to avoid the crowds of busier seaside resorts.

One of Littlestone's defining features is its historic golf course, Littlestone Golf Club, which has contributed to the area's identity as a traditional English seaside destination. The architecture in the area reflects this heritage, with a mix of early 20th-century houses, bungalows, and holiday homes lining quiet streets near the coast.

The surrounding Romney Marsh landscape adds to Littlestone's character. This low-lying, windswept environment is known for its big skies, grazing land, and sense of isolation. Together with the steady rhythm of the sea, it creates a peaceful, almost timeless setting. While Littlestone has limited commercial development, its simplicity and natural beauty are precisely what make it appealing to visitors seeking tranquility.
