Property Description

David Martin Estate Agents are delighted to present The Windmill, historically known as Messing Maypole Mill - an exceptional four-storey Grade II listed red-brick tower mill dating back to 1775, originally constructed by renowned Colchester millwright John Matchett. Thoughtfully converted into a striking four-bedroom residence, this rare and character-filled home offers three bathrooms, two reception rooms, a spacious kitchen with central island and a separate utility room, beautifully combining historic charm with contemporary comfort. Centrally situated within the popular village of Tiptree, the property is within walking distance of local schools, shops and a wide range of village amenities, offering an enviable and convenient setting for modern family living.

Occupying approximately one-third of an acre, the property benefits from gated access, extensive gardens, generous parking, an integral garage/workshop and a detached double carport. The Windmill has undergone a comprehensive renovation, including repointing and works to the roof, alongside further modern enhancements such as air conditioning, ground-floor underfloor heating and sympathetically restored bespoke wooden windows. An extraordinary piece of local history, this magnificent residence offers a truly unique lifestyle opportunity and is a property that must be viewed to be fully appreciated.
