LEGAL STRUCTURE:

To maximise tax efficiencies, freehold plots for each of the holiday homes have been transferred into limited company Special Purpose Vehicles (SPVs) and Construction Agreements put in place between the SPVs and Developer whereby the SPV pays for construction works through a single payment upon completion of the works.

This means the plots can be acquired through share purchases - so the only tax payable is Stamp Duty Reserve Tax (SDRT) at 0.5% on the share purchase price – with the construction works paid through a single payment upon completion. No Stamp Duty or VAT is payable for construction services, meaning taxes as a proportion of the total Purchase Price should be less than 0.1%.

Additionally, holding the holiday homes within a limited company structure allows owners to benefit from full finance cost tax relief going forward – protecting them from changes to Furnished Holiday Let (FHL) tax rules that apply from April 2025.

As the use of the holiday homes is restricted to visitor and cannot be used as a sole or main residence, the properties will be subject to business rates rather than council tax, avoiding the local surcharge on second homes.

- The freehold titles for the plots include the following key provisions:
- The right to park a motor vehicle in an allocated space close to the property
- Rights to enjoy the 80-acre wooded estate and communal refuse areas
- Estate Charges payable towards sitewide managed services (see next page)
- Holiday lettings to be through agents approved by the Estate
- Owners to arrange their own buildings insurance

These provisions will ensure a sustainable and well-managed Estate , for the collective benefit of the holiday home owners, guests, and businesses alike.

SERVICES AND CHARGES:

To ensure the successful management of the Estate, the following services and charges are proposed:

LETTING AND PROPERTY MANAGEMENT:

Management of holiday lettings is to be undertaken by agents approved by the Estate.

FURNITURE PACKS:

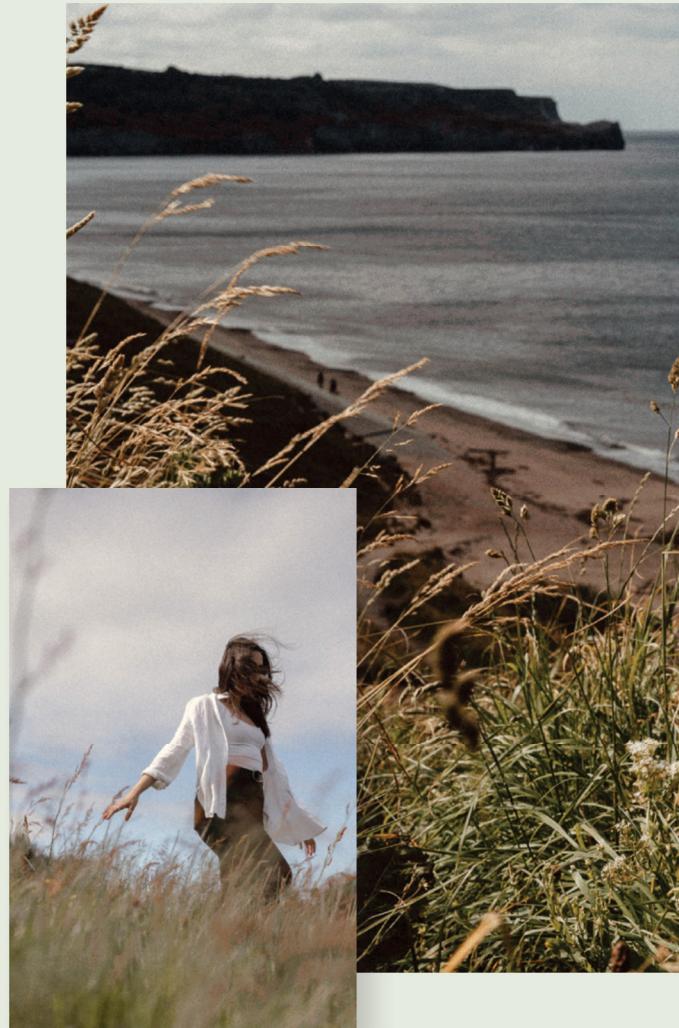

Timeless furniture packs have been curated by leading interior designer, SAPIN Studios, with two distinct palettes available – the first being a ‘Moors’ theme inspired by the surrounding North York Moors, and the second a ‘Sea’ theme, reflecting the rugged coastal setting. Further details are available upon request.

ESTATE CHARGE:

- Site health and safety
- Road repairs
- Road maintenance and gritting services
- Grounds maintenance and landscaping
- Estate lighting
- Surveys and audits
- Signage and fencing
- General estate repairs and maintenance
- Management fee

The Estate Charge is estimated to be £723-1,677pa in the first year, reducing over time as future phases of development are completed on the Estate.
