A unique, compact country estate including a detached 3 bedroom farmhouse, lake, farm buildings and grounds of just under 3 acres. No onward chain.

Constructed circa 2006, the farmhouse has distinctive elevations of part brickwork and part colour washed rendering. There are 3 bedrooms and 2 bathrooms to the first floor, whilst on the ground floor there is a hall/cloakroom, sitting room with wood burner and a generous kitchen dining room. There is the benefit of oil fired central heating from radiators. There is ample space around the house to extend the property, subject to the local authority consents being obtained. To the west of the house, there is an extensive range of outbuildings. Planning consent was granted in November 2022 by Tandridge District Council under reference 2022/1000 for demolition of the buildings and erection of two detached houses. The consent expired in October 2025. Purchasers are advised, therefore, to discuss their specific requirements for these buildings with the planning department at Tandridge. There is a LAKE situated towards the southern boundary. In the past, the property was a thriving fish farm, although the business closed some years ago. The holding would be ideally suited to a family seeking a rural environment and lifestyle. In all, the grounds extend to about 2.9 acres.
