Outline planning permission has been granted at Harewood End for the development of two residential properties, along with the creation of a new vehicular access and associated works. The site, currently agricultural land, is located adjacent to the A49 and just outside the centre of the village. Under the proposed plans, a single access point will be created at the northern end of the site, sweeping in from the A49 and branching off to serve each property. A public footpath lies just to the south of the site, while to the southwest, uninterrupted views stretch across open fields towards Orcop and Garway Hill, enhancing the rural setting of the development.

#### Location

Harewood End is an attractive rural village surrounded by beautiful Herefordshire countryside. The A49 Hereford to Ross road runs through the village and adjacent to the site providing ideal access to Hereford, Ross and the M50. Within the village there is a popular public house with restaurant and in the nearby villages of Wormelow, Much Birch and Peterstow there are facilities including shops with Post Office, primary school, car garage and cricket club. There is a regular bus service to Hereford, Ross and Monmouth.

#### Services

We understand mains water and electricity are not connected. It is believed these can be found in the road opposite the site. Buyers should make their own enquiries with the relevant authority. It is proposed that each house has its own private septic tank drainage, the cost of which to be borne by the buyer.

#### Planning details

More details of the scheme can be found via the agents offices or by visiting the Herefordshire Council website using application number P233706/O.
