Property Description

9 Lochbay is a detached, three bedroom property set in the desirable township of Lochbay in Waternish. The property is set within 7.68 acres, or thereby (to be confirmed by title deed), of owner occupied croft land, that extends to the side and front of the property hosting a Nissan style shed.

The accommodation within is set out over two floors and comprises of: entrance lobby, bathroom, hallway, living room, lounge and kitchen on the ground floor with three bedrooms located on the first floor. The property further benefits from UPVC double glazing, electric central heating complimented by an open fire in the living room. A solid fuel range in the lounge provides hot water.

Externally the property is set within approximately 7.68 acres of owner occupied croft land. Included with the croft is one share in the Lochbay common grazings. The immediate garden grounds are enclosed and host an area of lawn surrounded by established trees, shrubs and bushes. To the side of the property is a detached Nissan style hut. Parking at the property is limited with one parking space currently available to the front of the property.

9 Lochbay presents a fantastic opportunity to purchase a traditional home in a picturesque setting and must be viewed to appreciate the package on offer.

*** Please note the house and garden grounds form part of the croft, therefore, the property is not mortgageable ***

Energy Efficiency Rating			Environmental Impact (CO ₂) Rating		
	Current	Potential		Current	Potential
Very energy efficient - lower running costs			Very environmentally friendly - lower CO ₂ emissions		
(92+) A			(92+) A		
(81-91) B			(81-91) B		82
(69-80) C			(69-80) C	69	
(55-68) D		59	(55-68) D		
(39-54) E			(39-54) E		
(21-38) F	23		(21-38) F		
(1-20) G			(1-20) G		
Not energy efficient - higher running costs			Not environmentally friendly - higher CO ₂ emissions		
England, Scotland & Wales EU Directive 2002/91/EC			England, Scotland & Wales EU Directive 2002/91/EC		

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills will be.

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating the less impact it has on the environment.
