SUMMARY

Positioned amidst fields with far-reaching views to the front and rear, this property enjoys a truly special setting. Features include oak-effect laminate and tiled flooring throughout the ground floor, double glazing, a replacement oil central heating system, ceiling downlights in most rooms, two en-suite shower rooms, and a family bathroom serve the four bedrooms, making this a highly desirable home. In 2024, the owner obtained planning permission for the existing property to be replaced with a new single dwelling built to a very modern specification (plans available). In our opinion, the most attractive feature is the open outlook; combined with the east-to-west orientation, this ensures the garden enjoys sunshine throughout the day and into the evening, making it an ideal home for entertaining. A double Prime Oak carport was added in 2011. No Upward Chain.
