Located in the charming village of Martin Hussingtree, just a short distance from Worcester and Droitwich this home offers a wonderful balance of rural living and everyday convenience. Known for its quiet lanes, open countryside and strong sense of community, the village provides a peaceful setting while still allowing easy access to Worcester city centre, local schools, and transport links including the M5. It's a location that appeals to families looking for space, fresh air and a slower pace of life without feeling isolated.

Set back from the road, the property benefits from a generous driveway and front garden, creating a welcoming approach with plenty of off-road parking.

Step inside and you're greeted by an entrance hall, where the staircase sits to one side and doors lead through to the main living spaces. To the front, the lounge enjoys a pleasant outlook and features an open fireplace, creating a cosy and inviting atmosphere. The room flows seamlessly into a rear extension, now serving as the dining area, where large windows and patio doors frame the far-reaching countryside views - a truly special backdrop for everyday living and entertaining.

From the dining room, the kitchen can be accessed, forming a practical circular layout that connects back through to the entrance hall. The kitchen itself offers good workspace and outlook, while an additional inner hallway leads to a ground-floor shower room/utility and a well-proportioned double bedroom to the front - ideal for guests, multi-generational living or a home office.

Upstairs, three further bedrooms provide comfortable family accommodation, all served by a family bathroom.

To the rear, the property continues to impress. A generous fenced garden area offers patio space and direct access back into the house and around to the front. Beyond this lies the real highlight - two expansive paddocks stretching behind the row of homes and extending to the side of the property with its own access to the road. Complete with a stable and tackroom - currently home to horses and sheep, the land offers incredible lifestyle potential for those with equestrian interests or simply a desire for space and freedom. While not formally measured, the land is believed to extend to just under three acres.

This is a home that offers more than just accommodation - it provides an opportunity to embrace countryside living, with space to grow, explore and truly enjoy the setting.
