LAND

The land at Gwerna Hall Farm is set within two primary compartments positioned either side of the house, barn and buildings.

The primary land compartment at Gwerna Hall Farm comprising Lot 1, positioned to the west of the farmhouse comprises two extensive field enclosures of level to gently rising permanent pasture. The field enclosures are all fenced and can all be grazed or mown for fodder, offering an excellent land holding. As the field parcels are regular sized and extensive they could easily be subdivided further to create grazing paddocks. The property and land within Lot 1 extends in total to approximately 4.57 acres (1.85 hectares).

The second compartment of land comprising Lot 2 extends out to the east of the barn and agricultural buildings. The land comprises six extensive field enclosures of permanent pasture. The land is undulating and gently rising to the east providing productive grazing which can also be mown for fodder with external fenced, hedged and walled boundaries offering an excellent land holding. As the majority of the field parcels are regular sized and extensive they could easily be subdivided further to create grazing paddocks. The land and property within Lot 2 extends in total to approximately 27.55 acres (11.15 hectares).

Two Public Rights of Way cross over the land at Gwerna Hall Farm. The track leading to the farm is owned by the local authority.

In total all the land and property at Gwerna Hall Farm extends to approximately 32.12 acres (13 hectares) with the soil being a mix of slowly permeable seasonally wet acid loamy and clayey soils and freely draining acid loamy soils over rock. All the pastureland at Gwerna Hall Farm is easily accessible and is in excellent condition capable of being grazed and mown for fodder and is all registered for Basic Payment Scheme. It would certainly provide significant appeal to agricultural, equestrian and rural enterprise type purchasers.
