To the left, a chic dining area, a well-placed guest washroom, and internal access to the integral garage create everyday convenience. One of the key features of this home is the technology behind the scenes, such as smart home automation providing seamless integration of lighting, heating, audio, shading and security, amazing light features throughout, which is emphasised by the stunning cinema room, which boasts a fully fitted Dolby Atmos sound system.

At the heart of the home is a spectacular, bespoke open-plan kitchen and dining space, by Room Room Harrogate. This bespoke kitchen has been completed with quartz worktops, a central breakfast island, and state of the art Siemens appliances, with sliding doors leading directly out to the landscaped rear garden, seamlessly blending indoor and outdoor living. A light-filled family lounge adjacent to the

kitchen completes this amazing social hub.

The first floor boasts five generous double bedrooms, two with their own luxurious en suite bathrooms. The galleried landing offers breathtaking views and a sense of openness. This floor also offers a contemporary family bathroom and a separate laundry room to add extra practicality. The principal suite is truly a showstopper – complete with garden views, a walk-in dressing room, a lounge area and a spa-inspired en suite bathroom. All bathrooms throughout the property feature top brands – from Lusso to Villeroy & Boch and Victoria + Albert. Even the tiles have been sourced from across Europe, cut and finished right here on site for a truly bespoke touch.

Upstairs on the second floor, you'll discover three more spacious double bedrooms, and an exquisite open plan area, which would prove the perfect office or teenage retreat, and a stylish Jack & Jill bathroom serving two of the rooms. Each bedroom includes premium finishes to provide pure elegance throughout.

Externally, the front of the property is beautifully landscaped with mature planting, a generous driveway, and stone brick walls that offer both privacy and curb appeal.

To the rear, the garden has been thoughtfully designed by Rob Hardy, an RHS Gold Medal Award Winning landscape designer. Care and attention has not been compromised. An extensive porcelain patio is the perfect space for dining, entertaining, and relaxation. The garden is complete with a dedicated area which can be utilised for children's playground

equipment. This is the perfect outdoor space to enjoy the richness of outdoor living. Steps lead to a lush turfed lawn, bordered by raised planters, and there's even a secluded area at the bottom of the garden, pre-fitted with electric and water, perfect for a home office or garden room.
