Detached, extended bungalow providing a substantial level of accommodation, complemented by a sought-after village setting and delightful south-facing gardens extending to approximately 1/3 of an acre (s.t.s.).

Built in the 1950s and significantly extended in more recent years, this substantial detached bungalow offers a deceptive level of versatile accommodation, possessing a light and airy atmosphere and being offered with no onward chain.

The property provides excellent potential to create a spacious family home, with scope to convert the well-built garage/workshop (brick and block cavity construction) into an annexe or similar (subject to the relevant planning permissions).

Extending to over 1,400 sq ft (plus the large 29 ft x 17 ft garage/workshop), the accommodation briefly comprises a long entrance hall with fitted cupboards, an airing cupboard, and a door to the cloakroom. The dining room is a versatile reception room that has previously been used as a fourth bedroom, featuring large windows to the front and side aspects overlooking the gardens. The kitchen/breakfast room is fitted with a range of units providing ample drawer and cupboard space beneath preparation surfaces, complemented by built-in appliances including an oven, hob, and dishwasher. French doors lead to the terrace and gardens, with an opening leading through to the utility room.

The sitting room is a spacious reception room with a large rear-facing window and French doors opening onto the terrace and gardens. The principal bedroom benefits from fitted wardrobes and

an en-suite, while the two remaining bedrooms are served by the family bathroom, completing the accommodation.

Outside

The property is approached via a shingle driveway providing ample vehicle parking and turning space, continuing to the side towards the large detached garage/workshop (29 ft x 17 ft), constructed of brick and block cavity construction and offering scope for conversion into an annexe, subject to the relevant planning permissions being granted.

The gardens are a particular feature of the property, being mostly laid to lawn and stocked with an abundance of flowering plants and shrubs. They extend to the front, side, and rear, backing onto fields and open countryside. A large wrap-around terrace creates an ideal area for outdoor entertaining and al-fresco dining.
