

An attractive Grade II listed property believed to date back to the 17th Century, sympathetically refurbished and retaining many original features in the centre of the town with the benefit of a secluded south facing rear garden, garage and outbuildings.

Blue Coats has undergone a comprehensive refurbishment program to provide flexible accommodation to suit modern family needs, situated in the heart of the town and a short walk to the train station, which has a service to London in under 48 minutes.

The sitting room to the front of the property is in the oldest part of the house, it features, a high ceiling, exposed wooden beams, a pretty window seat, a brick fireplace, and log burning stove.

The inner hallway with stairs to the first floor also boasts exposed beams and would lend itself to being used as a dining room, music room, or even a library.

The kitchen/dining room has been completely transformed to provide a great space for casual dining and everyday family life.

Leading off the kitchen a former outbuilding with double doors to the garden has been converted to provide a large utility/boot room and W.C

There are three double bedrooms on the first floor and a refitted family bathroom. The second-floor loft room (with restrictive head height) has plenty of space for a bed, it is currently used as a study.

Outside, the property has a private gated driveway with off-road parking for several vehicles, a garage, and an open carport.

A self-contained stone-built building has been utilised by the current vendors as a guest room and would also lend itself to being used as a home office/studio or an opportunity to let.

A further outbuilding has been transformed to provide a gym, but would make for a studio or home office too.

The south-facing rear garden is very secluded, mainly laid it's perfect for relaxing and enjoying long summer evenings.
