WELCOME HOME

At Bloor Homes, we've spent decades building more than just houses, we've been creating thriving communities where people feel they truly belong. Our dedication to quality, thoughtful design, and a genuine sense of care runs through everything we do. It's this commitment that has made us one of the UK's most trusted and respected homebuilders.

BUILDING QUALITY HOMES FOR OVER 50 YEARS

In 1969, John Bloor laid the foundation of our commitment to you: to construct quality homes where families thrive. That promise still holds true today and our customers' consistently positive feedback has earned us a 5 star rating from the Home Builders Federation, something we are very proud of.

We couldn't do it without our dedicated team of planners, designers, tradespeople and customer service staff, who believe in creating better life experiences one home at a time by building distinctive, sustainable communities in places you will love. It is something you will notice the moment you enter one of our developments.

The customer service from start to finish was great, even before we reserved a property. Having viewed lots of developers, Bloor was by far the best. I'd definitely recommend Bloor, I'm shouting to everyone about it!
