Property Description

Positioned on one of Belgravia's most prestigious crescents, this remarkable seven-bedroom townhouse offers over 6,400 sq ft of beautifully crafted living space.

The property has been renovated to the highest standard, balancing period grandeur with a clean, contemporary finish. A private lift connects every floor, air conditioning throughout, while tall windows and high ceilings create a light and expansive atmosphere throughout.

The layout has been designed for both entertaining and everyday living. The principal reception rooms are refined yet welcoming, complemented by a study, cinema/TV room, and a flexible gym or playroom. There are six en suite bedrooms, including a luxurious principal suite, as well as a separate staff bedroom.

Two private terraces extend the living space outdoors, one featuring a bespoke dining area with a built-in barbecue—perfect for summer evenings.

Wilton Crescent offers both privacy and prestige. From here, Hyde Park, the boutiques of Belgravia and Knightsbridge, and the cultural landmarks of South Kensington are all within easy reach.
