SPACIOUS 732 SQ FT ONE-BEDROOM APARTMENT | ALLOCATED PARKING | GYM & SAUNA

Offering an impressive 732 sq ft of accommodation, this beautifully improved one-bedroom apartment at Millennium Apartments provides a level of space more commonly associated with many two-bedroom city-centre properties, further complemented by the benefit of an allocated parking space.

At the heart of the apartment is a particularly generous open-plan living kitchen, measuring approximately 4.87m x 8.13m at its maximum dimensions. Full-width windows span the far wall, allowing natural light to flood the space and creating a wonderfully bright and inviting environment, with ample room for both relaxing and entertaining.

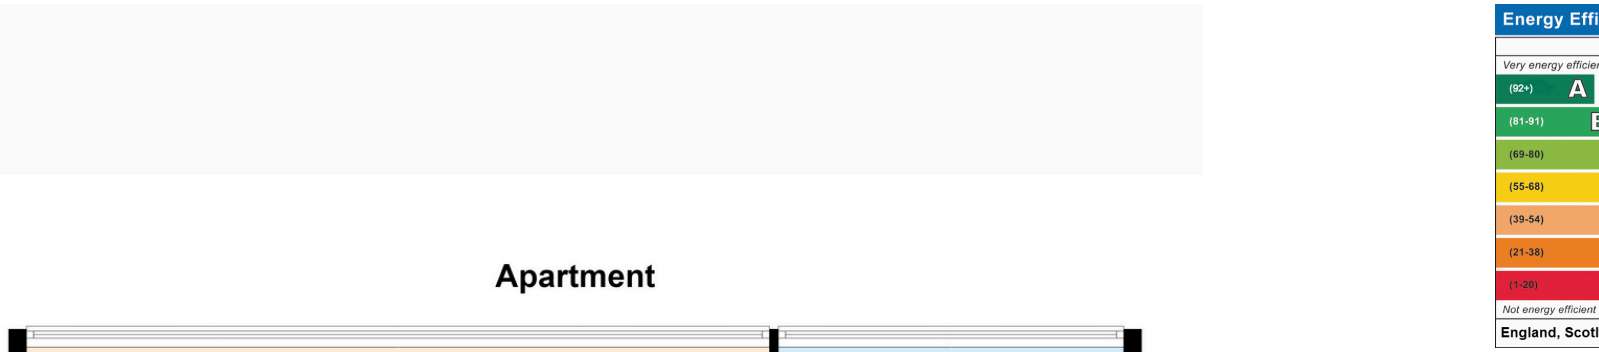

The current owners have invested considerably in the property during their ownership, with improvements including a new kitchen, renovated bathroom, replacement boiler and high-quality fitted blinds. The result is a home that has been thoughtfully updated and exceptionally well maintained.

Residents also benefit from an on-site gym and sauna, alongside an established daytime concierge service. The building has the added benefit of an experienced concierge who has been a familiar face to residents for approximately 20 years.

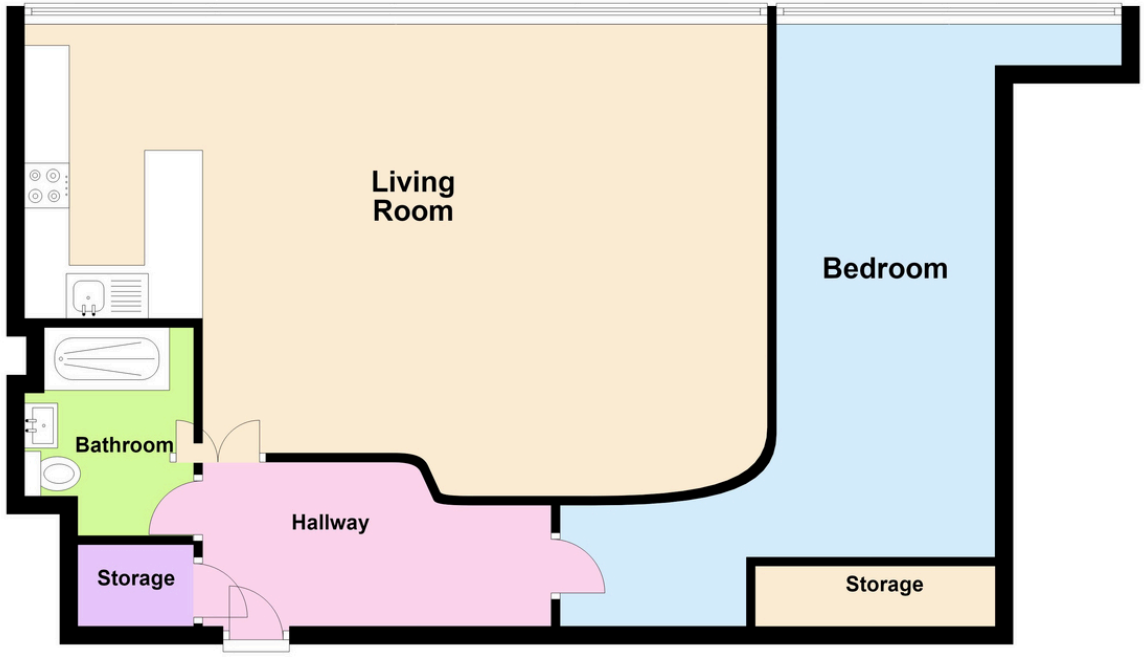

Situated on Newhall Street, the apartment enjoys an excellent city-

Apartment
