STEP OUTSIDE

Outside, the rear garden is of a very good size and features a variety of mature planting. With a little tender care, it could be reconfigured to create patio areas and vegetable patches to grow your own, while still maintaining plenty of space for outdoor activities to enjoy with family and friends. The garden offers a private outdoor space and is larger than the average rear garden, providing ample room for relaxation or entertaining guests. There is also convenient parking for several vehicles to the side of the property.

To the front of this property, the garden is mainly laid to a level lawn and bordered by mature planting, which is now springing into life and bloom, definitely enhancing the property's curb appeal and providing a very welcoming entrance in this quiet cul-de-sac location.
