A contemporary three double bedroom detached home arranged over two floors, offering flexible living accommodation and landscaped gardens, positioned on the edge of Great Notley within walking distance of local amenities and parkland.

The house has been designed to provide a practical yet considered layout, with open plan living, dining and kitchen spaces forming the heart of the home and opening directly onto the rear garden. A ground floor double bedroom with en - suite offers flexibility for guests, multi generational living or a separate snug or home working space, while two further double bedrooms and a family bathroom are arranged on the first floor.

Architecturally, the property is defined by simple pitched roof forms and a restrained material palette, giving it a clear and confident identity. Its position at the edge of the settlement allows for a greater sense of openness, while landscaped front and rear gardens provide defined outdoor space and a natural extension of the principal living areas.

The property enjoys a more open setting at the edge of the settlement, while remaining within walking distance of the amenities at Great Notley Garden Village, including a doctors surgery, dental practice, veterinary practice, Tesco superstore and public house, together with extensive parkland at The Discovery Centre. There is also convenient access to the A120, linking to Stansted Airport and the M11, and the A131 towards Great Leighs and Chelmsford.

First Floor Plan

DISTANCES

Chelmsford Station: 11 miles (Liverpool Street from 34 mins)
Beaulieu Park Station: 10 miles
Braintree Station: 3 miles
Witham Station: 8.6 miles
Stansted Airport: 16 miles
Felsted School: 6 miles

(All distances are approximate)

ACCOMMODATION

The Friary comprises two contemporary dwellings, sensitively designed to respect the site's historic setting and the adjacent Listed Building. Each home has been carefully planned with consideration for scale, proportion and materiality, creating a scheme that respects its context while providing modern, well considered living spaces. Friary Cottage sits at the front of the site providing the focal point on entry to the site. Its layout is designed to embrace the views over the farmland to the south from the first floor master bedroom while the ground floor offers sociable living with a good connection to the private secluded garden.
