There is often a great deal of emphasis placed upon presentation in today's property market, which perhaps makes it all the more refreshing to find a property offering such obvious scope for improvement and personalisation. This DETACHED BUNGALOW now requires comprehensive updating and modernisation throughout, yet represents an excellent opportunity for those looking to create a home to their own taste and specification.

The property enjoys a number of attractive features including a generous and well established rear garden, conservatory overlooking the garden, and well proportioned accommodation. Although certain fittings and services may now be considered dated, the bungalow offers tremendous potential for refurbishment and possible reconfiguration into the roof space, subject to any necessary consents.

Properties of this nature, offering genuine scope and such delightful gardens, are becoming increasingly difficult to find and internal viewing is strongly recommended for those seeking a rewarding project. Contact May's for an appointment to view.
