Design-Led Garden Living in the Heart of Brackenburg

Tucked away on one of Brackenburg Village's most desirable residential streets, this beautifully refurbished ground-floor garden apartment offers the rare combination of lateral flow, thoughtful extension and private outdoor space all finished with a confident design eye.

The layout has been intelligently reworked to create a seamless open-plan kitchen, dining and reception space to the rear, framed by glazing and opening directly onto a private garden. Natural light pours through the extension, giving the home a calm, understated elegance.

There are two generous double bedrooms and two stylishly appointed bathrooms, including a well-considered principal suite. Every finish has been chosen carefully from the joinery and tiling to the hardware and lighting creating a cohesive, contemporary feel without losing warmth. A standout feature is the lower ground floor cinema / media room. Whether used as a screening room, home office, gym, playroom or guest retreat, it adds versatility rarely found in apartments of this scale.

Side access to the garden provides practical ease, making this a home that works as well day-to-day as it does for entertaining. This is not a cosmetic refresh. It's a considered refurbishment. Calm, stylish and ready to move straight into.
