ABOUT THIS PROPERTY:

While the distinctive façade reflects the property's established origins, the interiors have been comprehensively reconfigured to create light-filled spaces that feel calmly contemporary and yet is highly functional for modern family life.

The accommodation extends to four or five bedrooms and four bathrooms, providing an exceptional level of flexibility. A versatile ground floor room can function equally well as a fifth bedroom, guest suite, study or dedicated home office, allowing the layout to evolve alongside changing family requirements. A choice of reception spaces provides clear separation between entertaining and quieter day to day living, creating a home that is equally suited to family life, home working and hosting guests.

The hub of the home is the south-facing kitchen family room designed as a highly sociable environment centred around a substantial island. Distinct areas for cooking, dining and informal seating create natural gathering spaces, while extensive glazing and roof lanterns flood the room with natural light throughout the day. Architectural bi-fold doors open to the terrace and garden via a flush threshold, dissolving the boundary between the interior and the exceptional outdoor space.

The principal bedroom suite occupies a prime position on the first floor overlooking the garden via a Juliet balcony. It provides a refined retreat with a vaulted ceiling, custom fitted dressing area and a luxurious ensuite shower room. The remaining three bedrooms on this floor are generously proportioned and thoughtfully arranged, supported by a combination of ensuite and family bathroom facilities, and a shared westerly aspect balcony.

OUTSIDE:

The garden is undoubtedly one of the property's defining features and exceptionally rare for such a central Canford Cliffs location. Extending to approximately 0.4 acres, the plot provides a remarkable expanse of level lawn that creates both privacy and versatility. The broad entertaining terrace naturally extends the living space outdoors and provides an outstanding setting for summer dining, family gatherings and larger scale entertaining. Mature planting frames the garden beautifully, creating a secluded backdrop that belies the property's convenient location.

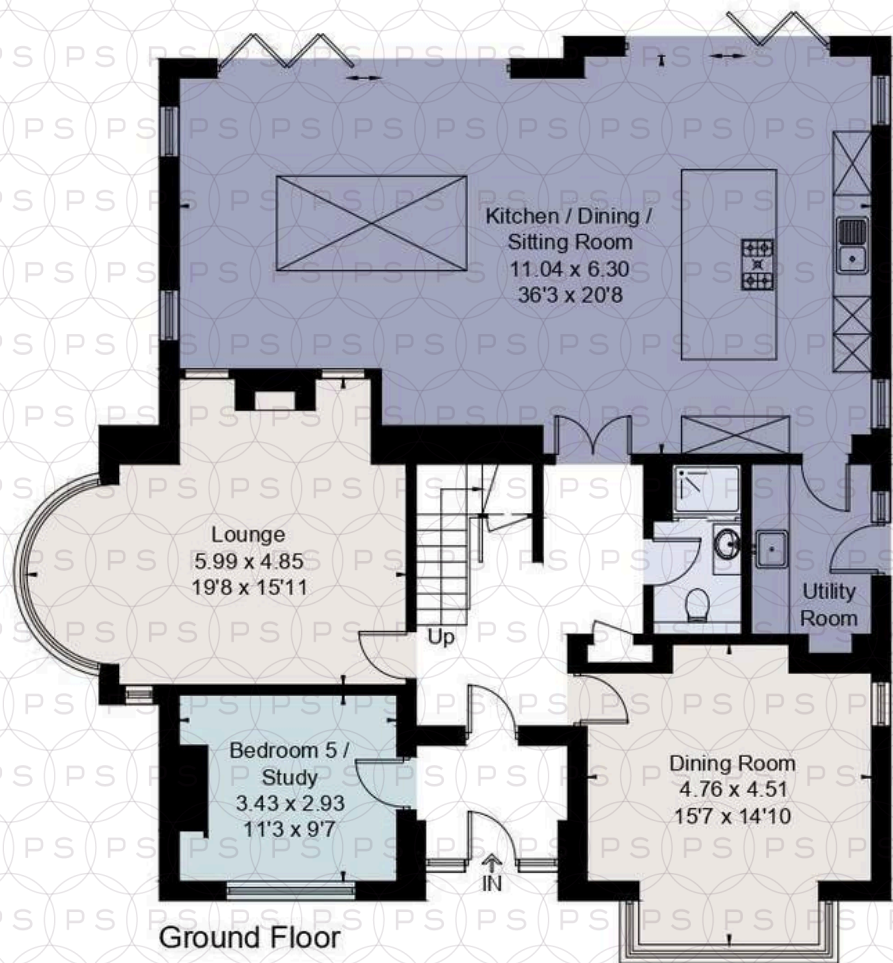

A detached garage is complemented by ancillary accommodation incorporating a bedroom and shower room, offering excellent flexibility for guests, independent teenagers, staff accommodation or a dedicated home office / gym.

LOCATION:

Newton Road is regarded as one of the area's most prestigious residential addresses. Canford Cliffs Village is within an easy level walk and offers an excellent selection of cafés, restaurants, delicatessens and everyday amenities. The beach is reached in approx. 800 metres away reached via Canford Cliffs Chine, providing direct access to miles of renowned Blue Flag coastline.
