

THE FOLD

BLENHEIM

SET PRIVATELY WITHIN THE EXCLUSIVE SOMERSALL WILLOWS CUL-DE-SAC, THE FOLD IS AN EXQUISITE SIX-BEDROOM FAMILY HOME OF REMARKABLE SCALE AND VERSATILITY, SURROUNDED BY APPROXIMATELY ONE ACRE OF BEAUTIFULLY ESTABLISHED GARDENS.

Created in the character of a French Country House, built in 1990 and developed over many years into a home for family life, entertaining and multi-generational living, The Fold combines generous reception spaces and bedroom suites. In addition to the main house is a separate West Wing, contemporary self-contained apartment and extensive garaging and workshop facilities, and gardens that have become an exceptional feature in their own right.

Beyond the house, mature trees, sweeping lawns, hidden paths and richly planted borders create a striking sense of privacy and discovery.

“The Long Garden” leads past trellis arches and a wildlife stream towards a purpose-designed Victorian-style greenhouse garden, one of a series of outdoor spaces that make The Fold as enjoyable outside as within.

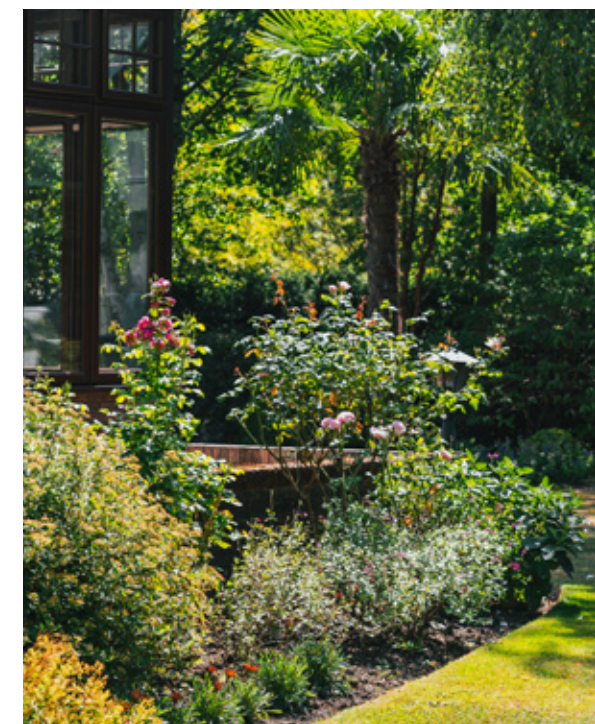

At the heart of the house is a substantial traditional dining kitchen with original solid oak cabinetry, quarry tiled flooring and a four-oven Aga. An interesting feature set above the Aga and intricately carved into the wooden cooker hood is the word ‘Lamb’, signifying the craftsmanship associated with the house’s original creation. An adjoining pantry provides a range of additional storage and preparation space.

An impressive, wide staircase rises from an elegant reception hall to a galleried landing, where there are connections to a capacious master suite with a balcony, an en-suite bathroom with a roll top bath and large shower enclosure, and a second bedroom suite, both with access to a fitted dressing room.

One of The Fold’s particular strengths is the flexibility of its accommodation. The separately accessible West Wing provides two further bedroom suites, a library and a seating area, allowing it to function as part of the main house or as a more independent area for family and guests.

In addition, a contemporary one-bedroom self-contained apartment has its own external entrance while retaining a discreet internal connection to the main house, making The Fold particularly well suited to multi-generational living.

Excellent lifestyle facilities have been seamlessly incorporated into the home and comprise a gymnasium, a relaxing steam room with heated tiled seats, a large home office and a light-filled conservatory facing the gardens.

REAR OF THE PROPERTY

Outstanding, *private* grounds.

The gardens are one of The Fold's defining features. Mature planting, seamless lawns and established specimen trees surround the house, with paths leading to secluded seating areas, a rockery, a secret gravel path, sun terraces and abundantly planted borders.

"The Long Garden" creates a particularly attractive vista, with a meandering path passing beneath a sequence of trellis arches alongside colourful herbaceous planting and a wildlife stream. Further along lies the purpose-designed greenhouse garden with raised growing beds and fruit trees.

The centrepiece of the greenhouse garden is an excellently equipped Victorian-style aluminium greenhouse, nicknamed the 'Green Mansion' by the residing family. Designed for year-round use and incorporating electric under floor heating, lighting and power, automatic ventilation, internet connectivity, borehole water supply and marble tiled flooring.

The Fold also has fantastic vehicle and hobby provision, with single, double and triple garages arranged around a block paved courtyard, together with a workshop, gardener's WC and extensive gated parking.

WILDLIFE STREAM

NEIGHBOURING COUNTRYSIDE

The best of *both* worlds.

The property enjoys an enviable position on the edge of the Peak District, combining the peace and privacy of its setting with the unusual convenience of having both open countryside and everyday amenities within easy walking distance.

Somersall Park is approximately a five-minute walk away, with Walton Dam, open countryside and an excellent network of walking and cycling routes close at hand. Equally convenient for day-to-day living, a doctor's surgery, pharmacy, local shop, Post Office and bakery can all be reached within approximately five minutes on foot.

Nearby Chatsworth Road is well known for its independent boutiques, coffee houses, restaurants and specialist shops, while Chesterfield town centre provides a wider range of shopping, leisure and cultural amenities.

The Peak District is quite literally on the doorstep, with the National Park boundary only a few minutes' drive from The Fold. Chatsworth House is approximately 15 minutes away and the historic market town of Bakewell around 20 minutes, placing some of Derbyshire's most scenic countryside, villages, country houses, walking and cycling routes within easy reach.

Despite the proximity to the countryside, The Fold remains very well connected. Chesterfield railway station offers direct services to London in under two hours, together with convenient connections to Sheffield, Nottingham, Leeds and other major cities. The M1 provides excellent road links north and south, with East Midlands Airport approximately an hour away.

EXTERIOR & GARDENS

From Somersall Willows, a private driveway flanked by lawns, neat hedges and formal planted borders containing ornamental shrubs and bedding plants leads to the entrance of The Fold.

Set between brick pillars with stone finials, wrought iron electric gates and two separate pedestrian gates (one decorative), all operated via an intercom, open to The Fold.

A sweeping driveway of substantial proportions sits to the front of the property and provides parking for 10+ vehicles. Access can be gained to the main entrance door and there is exterior lighting. There is a further area for parking behind the garaging, which has exterior lighting and a water tap with bore hole supply.

An opening within brick walling leads to a beautiful private courtyard that provides additional parking and has block paving, exterior lighting and a raised planter. Access can be gained to the secondary entrance hall and to the single garage, double garage and triple garage by four Hörmann electric garage doors. A stairway with a stainless steel handrail also leads down to the basement level, and a block paved path continues to the right side of the property.

Single Garage

EXTERIOR & GARDENS CONTINUED

From the driveway, a lawned garden runs down the left side of the property and incorporates an established weeping ash tree sat on a raised mound, a weeping willow, mature shrubs and a large rockery. To one corner is a circular stone patio set beneath a decorative gazebo with climbing roses. Hidden behind a hedge is a secret gravelled path. The garden wraps around to the rear.

Above the garden is a block paved path, which wraps around to the rear to provide a patio area with exterior lighting and access to the formal dining room. A path continues to another block paved patio, which has a water tap, exterior lighting and provides access to the gymnasium and conservatory. Set slightly below the patio is a timber decking area with a hot tub.

From the patio, semi-circular steps lead down to the south-west facing garden which is mainly laid to lawn and features a wide variety of ornamental trees including a palm, an acer and a Ginkgo tree, shrubs, a yew hedge and perennial flowers to create a stunning landscape to accompany the home. Within the borders are external power points and exterior lighting.

The path and garden continue to the right side of the property, with a well-stocked border containing an array of plants, evergreen shrubs and perennials. There is also a raised wooden planter containing established Hostas. From the path, access can be gained to bedroom 5 and self-contained apartment. The path also continues back to the driveway at the front of the property.

"THE LONG GARDEN"

“THE LONG GARDEN”

An enchanting garden that has been carefully landscaped to create a truly magnificent outdoor space.

From the right side of the property, steps lead down to a tiled terrace that offers ample space for comfortable seating and opportunity to enjoy the peaceful and tranquil environment.

A stepping stone path leads across the substantial lawned garden and to a meandering gravelled path that runs along one side. The path begins from the front driveway, curving effortlessly down the garden with five timber trellis archways and various interest points along the way. A serene stream with a trickle fountain forms a haven for wildlife and flanking the path are beautiful perennial borders containing lavender, foxgloves, alliums, roses, verbena and more. Around midway down the path is a stone flagged patio that is bathed in sunshine. To one corner of the garden is an enclosed area with a treehouse for children to play.

The path arrives at the greenhouse garden, which is gravelled and features a central, oversized terracotta pot. Four raised planting beds incorporate one with an established Asparagus bed, one with strawberry plants and two with cutting flowers. Screening this section of the garden from the rest is a border of sweet peas, cordon fruit trees including apples, pear, plum and cherry.

Sitting proudly within the garden is the sizeable greenhouse.
