ANTHONY JAMES
PROPERTIES

43a South Street

Hythe, Southampton

The property offers a thoughtfully designed layout, featuring an inviting entrance hall, a convenient ground floor WC, a stylishly fitted kitchen, and a living room opening onto the garden. Upstairs, there are two bedrooms and a contemporary bathroom, all finished to an excellent standard. The home benefits from an energy efficient combi boiler, as well as UPVC double glazing throughout, ensuring comfort and lower energy costs. Off-road parking and car charging points are included for added convenience. This is a rare opportunity to secure a quality new home in a sought-after location, and with only four properties in the development, we expect significant interest. We strongly encourage early viewing to avoid disappointment.
