Accommodation

A broad tarmac driveway provides ample space to the front and continues alongside the house to a detached single garage. Shaped borders filled with slate chippings and neatly clipped shrubs create a smart, low-maintenance frontage.

The front door opens into a light entrance hall with wood-effect flooring, white panelled doors and a staircase rising to the first floor. A ground-floor cloakroom is finished with a white suite, tiled flooring.

The main sitting room is a generously proportioned space extending from the front to the rear of the house. A window draws in natural light from the front, while glazed double doors open onto the rear garden. The room is finished in a soft neutral palette with fitted carpet and provides plenty of space for a range of lounge furniture.

At the heart of the home is the bright kitchen and dining area. The kitchen is fitted with an extensive range of white gloss cabinets, wood-effect work surfaces and a pale glass splash back. Integrated appliances include two built-in ovens, with a black glass hob set into the worktop. A curved breakfast bar creates additional seating and separates the kitchen from the dining space, which comfortably accommodates a family-sized table and benefits from its own front-facing window.

A separate utility room sits just off the kitchen and includes further cabinetry, a sink, wood-effect work surface, space for a washing machine and a

wall-mounted boiler. A glazed external door provides direct access to the garden.

Upstairs, the main bedroom is a spacious double room decorated in calming grey tones, with a patterned feature wall and a wide bank of mirrored sliding wardrobes. The adjoining en-suite is fitted with a large glazed shower enclosure, wash basin and WC, complemented by light wall tiling and tiled flooring.

There are three further well-proportioned bedrooms. Two

doubles with ample space for furniture, while the fourth is arranged as a home office, demonstrating the flexibility of the accommodation.

The family bathroom is finished in a clean, neutral style and contains a panelled bath with mixer tap, wash basin and WC. White wall tiling, tiled flooring and a window complete the room.

Outside, the enclosed rear garden extends around the side and rear of the property. It is predominantly laid to lawn, with a paved pathway and seating area immediately beside the house. Established planted borders, shrubs and mature trees provide an attractive green backdrop, while timber fencing encloses the space. A gate provides access back towards the driveway and garage.
