Some More Information

As you enter the property the hallway has access to the cloakroom and to the kitchen and lounge. The kitchen is neatly finished with attractive grey tiling, giving it a clean, modern look, and the home also benefits from a NEST smart heating system, allowing the heating to be easily controlled from your mobile device. The lounge has a large storage cupboard and is south facing with French doors to the rear garden.

Upstairs the property provides two genuine double bedrooms with plenty of room for wardrobes or integral built in wardrobes to be installed, giving comfortable and practical accommodation whether for a couple, small family or those wanting a spare room or home office. The dual access bathroom allows entry from the landing or directly from the principle bedroom.

Externally

To the rear is a south-facing garden with patio area, small manageable lawn, a raised bed with fruit trees and a shed and water butt, which enjoys good sunlight through the day and offers a pleasant outdoor space to relax, garden or entertain during the summer months.

A rear alley way allows access to the front of the property. Parking wise, the property benefits from two off-road parking spaces in tandem across the close from the front of the property.

Location

The location is particularly convenient. Colchester North Station is within easy reach and provides direct services into London Liverpool Street, making it a good option for commuters.
