THE PROPERTY

Available 15/05/2026

We are delighted to bring to the market this three bedroom property following a professional clean and repaint. 'The Andover' is a four bedroom mid terrace property with an open plan kitchen/diner area with utility room, large separate lounge and ground floor WC. The first floor boasts three bedrooms and 2 bathrooms with the master bedroom being en-suite. All carpets, light fittings and curtains provided and there is off road parking with Electric Vehicle charging point and landscaped rear garden.

Brockworth is a great area being located close to excellent road links, plentiful retail and leisure services along with being close to employment areas. The area has good schools and is suited for anyone which wants to be located close to services and/or needs to commute. As a company we always strive to create communities rather than developments and have equipped the development with additional features increasing the desirability of the development.
