

Stunning 4 bedroom detached barn conversion with an additional 2 bedroom detached barn, with around 1.35 acres of land and wonderful views over the surrounding countryside. The properties are set in a private rural location with an expansive driveway with a turning circle and an attached double garage/workshop. The well-tended gardens wrap around the rear and sides of the property and feature a pond, extensive patio, two hot tubs and wonderful country views.

The properties have been converted to a high standard and the principle property features a spacious open-plan kitchen and dining room providing the ideal family and social space, alongside a living room with a wood burner and double doors to the garden taking full advantage of the views. The kitchen itself is a real feature of the property with granite work surfaces with a Belfast sink and solid wooden doors.

Both properties have hardwood double glazed windows alongside oil fired central heating. There was previously planning permission which has now lapsed to extend the living room which would take full advantage of the views.

The first floor consists of 4 bedrooms which are all a good size and take full advantage of the views to the rear. Two bedrooms have en-suites and fitted wardrobes. There is also a family bathroom.

The second barn features reverse level accommodation with a first floor living room and kitchen which has an expansive picture window at the rear which again offers far reaching rural views. The ground floor has 2 double bedrooms with one being en-suite alongside a shower room.

Externally there is ample off-road parking alongside the garage/workshop which could be a gym/hobbies room and the log cabin. The grounds wrap around the rear and side of the property and border open fields, and the 2 bedroom barn has its own private garden.

There is also an additional timber chalet which has been used as an Airbnb unit in conjunction with the annex.
