ACCOMMODATION

Situated in the popular Chilterns village of Highmoor, a short ten minute drive into central Henley. Built in 2020 by the current owners, and further extended in 2022. This attractive detached bungalow has been built to a high specification with a particular focus on its environmental credentials. The property sits back from the road and is located next to Highmoor Cricket Club, and on the doorstep of public footpaths. The village pub, the Rising Sun, is a ten-minute walk away from this property.

A gravel driveway provides off-road parking for several cars, with a detached double garage. The exterior of the bungalow has been decorated with a classic Chilterns-style black wooden cladding. Under the canopied porch with porch light and to the part-glazed hardwood front door.

The property features a mechanical ventilation system and is heated via an air-source heat pump. With triple-glazed windows, Actis multi-foil insulation, and underfloor heating throughout the main accommodation, it has been designed to be very energy efficient.

Into the accommodation. A pair of generous double bedrooms to the front have triple glazing, vaulted ceilings and both down-lighters and pendant lighting. The family bathroom is a spacious, fully-tiled room with a window with obscure-glass, a bath with shower over, a w.c. and a wash-hand basin in a wooden cabinet.

The large principal bedroom has been panelled with a rear aspect visible through a dramatic feature window, a vaulted ceiling and built-in cupboard. Through a further dressing room into the principal en suite bathroom, which is tiled a warm terracotta colour, and features a walk-in shower, a w.c., a wash hand basin and a heated towel rail.

Through into the open-plan kitchen / diner, which is a large reception room with vaulted ceiling and skylights. The fitted kitchen is a contemporary navy blue shaker style, with brass handles and quartz composite worktops. The kitchen centres around a large quartz-topped island with breakfast bar, with a ceramic butler sink inset, and cupboards below. A space-saving corner larder unit provides useful storage. Integrated appliances include a

dishwasher, a 4-ring induction hob, a fridge-freezer and a Bosch oven with a separate combination microwave and convection oven above. There is space for a large 8-10 seater dining table, in front of the bi-fold doors that lead to the garden.

The separate laundry utility room has fitted base units and a worktop, a boot-room bench with hooks, an integrated fridge-freezer, space for a stackable washing machine and tumble dryer. A side entrance has been added for convenience.

The attractive sitting room is at the rear of the property, with a set of bifold doors and a trio of windows. A full wall of fitted cabinets makes a feature of storage and display space.

AGENT'S NOTE

Planning Permission was granted in 2024 under P23/S3793/HH to build a second storey to the front, featuring 2 further double bedrooms with dormers, and a bathroom. The foundations of the original build are deep enough to support a second storey.

OUTSIDE

The rear garden can be accessed via a pedestrian gate from the front, or via the kitchen or sitting room doors. A large tiled patio is West-South-West facing, and the majority of the garden is laid to lawn. Raised beds to the rear have mature planting.

To the front, the gravel driveway has space for several cars, and the detached double garage provides 2 full parking spaces with 2 pairs of barn doors. This building has power and light, and has been insulated. An electric vehicle charger is accessible from the exterior.
