The house also benefits from off street parking, gorgeous landscaped west facing garden, two bathrooms, cellar, utility room & the option of extending into the loft. The property is super spacious, flooded in light and benefits from beautifully proportioned accommodation throughout.

A family house, the details include: you enter into a spacious and attractive entrance hallway, with lots of period touches and a charming, warm feel. To side is the double reception room which extends 26ft and is a beautiful family space. With underfloor heating, a feature fireplace, bay window to front and double aspect, it's a bright and stylish space, perfect for family gatherings and nights in front of the telly. There is a super convenient and spacious ground floor utility room and shower room, plus a large, dry cellar, ideal for storage. The ground floor's most striking space is the renovated and extended kitchen / diner to rear with sliding doors which open into the fabulous rear garden. Thoughtful design with a laser focus on practicality, functionality and finish, the room is a masterpiece. Exposed brick and steel beams combine with soft / warmer elements such as the shaker style units and wood effect floor. Its a beautiful space and the engine of the house. Maybe best of all, the renovation created a fabulous walk in pantry. The layout on the first floor is different from most and this really adds to the uniqueness and feel of the house, as well as creating a lovely reading nook by a flank window. There are four doubles and a large family bathroom. All beautifully presented and flooded in light. Call PW to see

"We love relaxing in the house and garden after the 25+ years we've spent turning it into a home. The new kitchen layout makes it easy to enjoy the outside and inside, regardless of the weather and we'll especially miss all that storage space in the attic and cellar".
