DESCRIPTION

This substantially extended and comprehensively renovated home has been finished to a high specification throughout, combining contemporary styling with spacious and versatile accommodation. The layout offers excellent flexibility, with bedrooms and bathroom facilities on both floors, making the property suitable for families, multi-generational living or those looking for adaptable accommodation for the future.

A particular feature of the property is the extensive leisure provision, including a Swim Spa Exercise Pool, separate Hot Tub and Sauna, together with dedicated outdoor entertaining areas.

The secluded South-facing landscaped garden complements the accommodation and provides an attractive, private setting for both relaxing and entertaining.

Planning permission was granted in 2021 for further development of the garage area, with the current status of that permission to be confirmed.

ACCOMMODATION

The property offers spacious and flexible accommodation arranged over two floors, with a high standard of finish throughout. Bedrooms and reception areas are carpeted, with solid oak flooring to the entrance hall, dining room and utility room.

GROUND FLOOR

The entrance hall leads through to a dual-aspect snug with inset gas fire and built-in media storage. The dining room has solid oak flooring and opens into the high-specification kitchen, extensively fitted with grey gloss units, Minerva onyx worktops and integrated NEFF appliances including double ovens, microwave and freezer. Further features include a Quooker boiling-water tap, American-style fridge space and heated tiled flooring. The kitchen leads into the impressive 22' x 21'4" sitting room* and bar area - currently used as a snooker room, with views over the garden and pool area and folding glazed doors opening directly onto the sun deck. (*The brochure image shows a CGI illustration of an alternative sitting-room arrangement). The adjoining bar area includes a Minerva front bar counter, granite rear counter, inset sink, back-lit glass shelving and built-in wine/drinks cooler.

Also on the ground floor are 2 bedrooms, one currently used as a study with French doors onto the garden and sun deck, a utility room, and a spacious shower room with walk-in dual-head shower and heated tiled floor.
