The good sized rear garden is westerly facing, not overlooked and open on the south side ensuring great light through much of the day. The conversion of the integral garage currently provides for a home gym but could equally be used to provide a further reception room or workspace. The 5 bedrooms also offer the opportunity for one or more to be used as studies and two bedrooms are en suite. There is no forward chain and early viewing is essential.

Hambling Drive is one of Beverley’s most sought after addresses for modern homes and this spacious (over 2000 sq ft) house occupies a prominent position on it. With its 5 bedrooms (2 en suite) and generous ground floor space, made larger by the conversion of the integral double garage, this house will have wide appeal. Equally appealing will be the generous westerly facing rear garden that is not overlooked. It has a brick wall on its southern boundary along the street, meaning it will be benefit from sunshine through much of the day.
